Hi William,

Attached please find NAS-TRB's full proposal in response to the subject RFP. Note there are minor differences in the SOW included in our proposal and EPA's PWS document (also attached). We request TRB's SOW included in our proposal be used in any resulting task order, as this language accounts for current practice.

Please let us know if you have any questions or require any additional information.

Thank you!

Regards,  
Doris
